Manufacturer of Speciality Adhesive Tapes

TECHNICAL DATA SHEET

Product Code – AS – 042 – C

FINE LINE MASKING TAPE – WHITE

Description: Fine Line Masking Tape is a vinyl film coated with acrylic adhesive. It is designed for uniform stretching to help create better paint lines. The adhesive and backing work together to reduce paint seepage to a minimum and can be used successfully with most solvent or water based paint system.

Application: Fine Line Masking Tape is a premium tape specially used for application such as automotive paint spraying, band lettering and electroplating. It is a specialized tape used for applications for fine two-tone colouring or paint stripping work.

Application Technique: For best results, ensure the surface is clean, dry and dust free before application of the tape. Apply even and firm pressure for better adhesion results.

TECHNICAL VALUES

Properties	Value
Base Material	Vinyl Film – 100 µm
Adhesive	Acrylic Adhesive
Total Thickness	120 µm
Adhesion to Steel (gms/inch)	900 gms
Elongation (% at break)	110 %
Temperature Resistance(°C/hr.)	120 °C
Tensile Strength	122 gms / 25 mm
Colour	White

Storage & Shelf Life: The tape should be stored in cool and dry place and prolonged exposure to the direct sunlight should be avoided. To obtain best performance, the product should be used within 12 months from the date of manufacture.
