TECHNICAL DATA SHEET

Product Code – AS-056

COLOURED MASKING TAPE – GREEN/BLUE

Description: Coloured Masking Tape is crepe paper coated with acrylic adhesive and is also known as Painter's Masking Tape, specifically developed to help protect surrounding surfaces from overspray, provides clean paint lines as it can be removed easily and cleanly when finished. It resists solvents or water from the paint and is strong enough to hang plastic sheeting. The tape can conform to curved and irregular surface for critical paint masking applications.

Application: Coloured Masking Tape is used in critical paint masking application for the automotive, marine and aerospace industry, decorative edging, marking and colour coding. The tape is easy to tear by hand for tool free application.

Application Technique: For best results, ensure the surface is clean, dry and dust free before application of the tape. Apply even and firm pressure for better adhesion results.
