TECHNICAL DATA SHEET

**Product Code – AS-149**

**Greenhouse Repair Tape**

**Description:** The Greenhouse Repair Tape is a single coated roll of high-quality, heavy-duty clear tape used to patch or reinforce greenhouse film. With incredible features including 4mil thickness and UV Stabilized, this tape is specifically designed for poly film patching. This tape is highly recommended for high-stress areas of greenhouse or hoop house film to add extra strength and prevent rips and tears before they occur, as well as to repair the damage after.

**Application:** For permanently repairing rips and tears in Greenhouse, High Tunnel, and Poly Tunnel covers and tarps. Can be used for splicing polyethylene film and conforms well to irregular surfaces.

**Application Technique:** For best results, ensure the surface is clean, dry and dust free before application of the tape. Apply even and firm pressure for better adhesion results. Best applied to clean polythene in warm conditions.

## TECHNICAL VALUES

PROPERTIES	VALUE
Total Thickness	150±5 mic (6mil)
Carrier	4mil LDPE Film
Adhesion to Steel	800-900g/25mm
Tensile Strength	3-3.5 kg/25mm
Elongation	500 %

**Storage & Shelf Life:** The tape should be stored in a cool and dry place and prolonged exposure to the direct sunlight should be avoided. To obtain best performance, the product should be used within 12 months from the manufacturing date.
